CHAIR’S REPORT: THE YEAR IN REVIEW

This last year has seen many challenges in the University System of Maryland (USM), all of which have had or had the potential to impact all Staff employees within the USM. Some of the challenges we faced were the proposed merger between UMB and UMCP; continued budget shortfalls and the impact on operation of the Institutions; new policies on parental leave and child abuse; and starting the year off again with no merit or cost of living raise. Although difficult, because of your active involvement, the unwavering support of the Chancellor’s Office and the Presidents and the commitment of the Maryland General Assembly, we came through this year not completely unscathed, but better than most other higher education systems in the nation. I commend you all for your dedication to making USM a better place to work, learn and teach.

Late Summer/Fall 2011 - CUSS met at the University of Maryland Eastern Shore in June, the University of Maryland Center for Environmental Science in July, at Salisbury University in August, the University of Baltimore in September and Bowie State University in October. Elections were held and the Executive Committee for the 2011-2012 session were:

- Chair – Willie Brown (UMCP)
- Vice-Chair – Gynene Sullivan (UMB)
- Co-Secretary - Brian Souders (UMBC)
- Co-Secretary – Karyn Schulz (UB)
- Member-At-Large – Gus Mercanti (UMCES)
- Member-At-Large – Marie Meehan (BSU)
- Chancellor’s Liaison to CUSS - Rosario I. van Daalen (USMO)

The Council continued to work on the Board of Regents Staff Awards to increase participation and improve the process. Beginning in the 2012-2013 nomination and selection process, there will be a new packet that will streamline the process and reduce the amount of paperwork that has to be submitted. Additionally, the process will now allow the submission of the nominee’s position description which we believe will make it easier to nominate Nonexempt Staff. The Council also requested a new Staff Award entitled “Shared

cont’d on p. 2
Governance”, however it was determined by the Board of Regents Finance Committee that the criteria could appropriately fit under an existing category.

The General Assembly Special Joint Committees on Pension requested testimony from USM concerning the disparity of the ORP Health Benefits. At issue are the number of years that Staff and Faculty employees must work to be eligible for health benefits at retirement for themselves and their spouse/dependents. CUSS was invited to give testimony to the panel, however later in the session, the Committee decided that it would be inappropriate for USM to give testimony.

CUSS met with the Chancellor to discuss the legislative agenda for the upcoming year, the ability of CUSS to communicate with constituents freely, the need to reinforce the importance and need for Shared Governance and the role the Council plays, the autonomy of USM and support for the Board of Regents Award. The Chancellor was supportive of all productive suggestions. The Council also participated in the ongoing discussions for the proposed UMB and UMCP merger and was an active member of the Purple Work Group.

At the October meeting, Vincent Novara, Chair, University of Maryland College Park Senate Committee on Equity, Diversity and Inclusion met with the Council to ask for a statement of support regarding expansion of Systemwide benefits and policy coverage to same-sex domestic partners. The Council approved the request.

Winter 2011 - In November, the Council held the third annual joint meeting with the Council of University System Faculty (CUSF) and the University System of Maryland Student Council (USMSC). The meeting was held at the University of Maryland College Park and was attended by Chancellor Kirwan and Secretary of Higher Education Danette Gerald Howard. Topics of the meeting included a legislative update, comments on the proposed UMB-UMCP merger; USM budget; family leave policy and comments from the Chancellor and Secretary of Higher Education with regards to the question of “What is your vision for keeping the USM institutions globally competitive in these economic times as face the STEM (Science, Technology, Engineering and Mathematics) initiatives and related growth on the campuses?”

Members of the Council of University System Staff and the Council of University System Faculty met with the University System Foundation to discuss improving the Board of Regents Awards ceremony. Specifically they discussed the areas of monetary awards, certificates and the award ceremony. With this year’s faculty awards, the ceremony was held with a special breakfast at the beginning of a Board of Regents meeting and all feedback was positive. The award ceremony for staff will follow a similar format.

At the December and January meetings held at the USM Office and UMUC respectively, the Council started or continued work on the development of an annual communication strategy, formalizing a policy and procedures manual, and started the discussion of performance reviews. With regards to performance reviews, each Council member expressed concerns about the inconsistencies of staff performance evaluations at their respective institutions. The Council will continue working on this topic during the coming months and will bring the results of their efforts to the Chancellor’s office.

At our annual meeting in Annapolis in February, the Council was acknowledged on both the floors of the House and the Senate. CUSS met with several Senators and Delegates and passed out a letter of appreciation and the USM Quick Points of Excellence brochure to the offices of 47 Senators and 141 Delegates. With the assistance of the USM Office of Legislative Affairs, CUSS monitored the progress of SB 150 and HB 85, the budget bills for FY 2013 with particular attention paid to the changes in health care cost and the 2% COLA slated for January 2013.

Spring 2012 - The Council met with Travis Tazelaar of Educate Maryland at our Coppin State University meeting. Mr. Tazelaar came to represent CASA of Maryland who wanted to secure our support for the inclusion of the Dream Act on the November ballot. With regards to endorsing the DREAM Act, after much debate, the Council voted to give our support, however the vote was not unanimous. CUSS responded to a call to action and thanks to you, there were over 22,000 messages sent to the Maryland General Assembly objecting to the increased budget cuts to USM and it’s institutions. Numerous responses were received from the legislators saying “We hear you loud and clear”.

At our April meeting located at Towson University, Joan Goedert (Assistant Vice Chancellor) and P.J. Hogan (Vice Chancellor for Government Relations) met with us to discuss the family leave policy and to give the Council an update on the Legislative session. During our May meeting held at the University of Maryland Baltimore County, the Council started
the nomination process for the Executive Committee, discussed the USM proposed smoking policy and the gender identity expression policy and fully supported both policies.

**Summer 2012** - At our June and July meetings held at the University of Maryland Eastern Shore and the University of Maryland Center for Environmental Science respectively, elections were held for the Executive Committee and the members are:

- Chair – Gynene Sullivan (UMB)
- Vice-Chair – Mi’Shaun Stevenson (BSU)
- Co-Secretary – Brian Souders (UMBC)
- Co-Secretary – Nancy Bowers (UMB)
- Member-At-Large – Mary Hickey (TU) – elected at the August meeting
- Member-At-Large – Dolores Jackson (UMCP) - elected at the August meeting
- Chancellor’s Liaison to CUSS - Rosario I. van Daalen - not an elected position

The Council discussed such items as the Parental Leave policy that was approved by the Board of Regents at their June meeting, the Coppin State Staff Layoffs articles that were in the Baltimore media, the path for approval with regards to the designation and raises for Retention of Operationally Critical Staff and other administrative issues of the Council.

**Looking Forward** - It has been an honor to serve you these last three years. Please join me in welcoming the NEW Executive Committee of CUSS and thank them in advance for the work they will do for all of us within the University System of Maryland and the State. I would also like to take a moment to mention a few of the special folks whose dedication to the system has made it a better place for all of us: Chancellor Brit Kirwan; former Senior Vice Chancellor Irv Goldstein; Vice Chancellor Joe Vivona; Vice Chancellor P.J. Hogan; Human Resource Officer and Chancellor’s Liaison to CUSS Rosario I. van Daalen; Director of Legislative Affairs Andy Clark; Assistant Vice Chancellor Joann Goedert and the current and past members of the Board of Regents and CUSS.

Sincerely yours,
Willie Brown, UMCP
Chair, CUSS

---

**The Council of University System Staff (CUSS)** was established in 1992 by request of the Board of Regents to advise on matters relating to the development and maintenance of a new USM Pay Program for Staff employees. CUSS is comprised of Systemwide Staff employees with representatives from each of its 12 institutions and the System office. Institution membership is proportionate to the number of Staff employees at the individual Institutions with a minimum of two representatives per Institution. CUSS has direct communications with the Chancellor and the Board of Regents, and is a member of the Chancellor’s Council. Its responsibility is to consider and make recommendations on issues affecting Staff employees. It is also responsible for keeping the Staff employees informed on CUSS activities and System-related actions.

CUSS meetings are held the fourth Tuesday of each month, giving each Institution an opportunity to host a meeting. The CUSS Executive Committee also meets with the Chancellor as often as needed but at least once a year.
While it took longer to reach the finish line than expected, when the Maryland General Assembly ultimately passed the budget for FY 2013, it represented positive news for the State of Maryland and the University System of Maryland (USM). As you know, the USM stood to be cut nearly $50 million under the so-called “doomsday budget,” which would have resulted in cuts to financial aid, reduced enrollment, programmatic cuts, layoffs, and a double-digit tuition increase. Fortunately, Governor Martin O’Malley and legislative leaders were able to iron out their differences and come to agreement on a revenue package and operating budget that reaffirmed their mutual commitment to public higher education in Maryland.

Between the 90-day General Assembly session and the three-day special session, members of the USM community sent more than 43,000 messages to the Governor and legislators opposing cuts to higher education and calling for the rejection of the doomsday budget. A key element of this success came from CUSS members in promoting the use of the USM CapWiz website to send the letters to legislators. That impressive showing helped turn the tide.

In the end, the USM will be required to provide a $5 million fund balance transfer and will have to absorb $5.3 million in direct budget cuts. But when you consider that the USM represents 7 percent of the total State General Fund Budget, yet is only shouldering 1.5 percent of the total budget cuts made, it is clear that the Governor and General Assembly fully recognize the System’s role as the engine of innovation, discovery, and knowledge that will advance the state’s economy and quality of life.

I am also pleased to note that no furloughs are planned for USM employees and—for the first time in four years—USM employees will be receiving a cost–of–living adjustment. A 2 percent COLA will go into effect beginning January 1, 2013. I fully understand that forgoing pay increases and taking furlough days over the past several years had been difficult and I deeply appreciate the hard work of our dedicated faculty and staff.

Working with the Board of Regents, the Council of Presidents, the Council of University System Faculty, CUSS, the USM Student Council and the Women’s Forum, we have made every effort to manage our budgetary issues in a thoughtful, balanced, and judicious manner. Our goal, as always, is to take actions that have the least impact on our students; protect the integrity of our academic and research programs; and minimize the hardship for our dedicated staff and faculty employees. It is an enormous source of pride to me that the USM community has responded so effectively to our fiscal challenges. We are serving more students than ever, our research productively continues to rise impressively, and the reputation of our institutions is at an all-time high. This is quite a testament to the dedication and quality of our staff and faculty employees.

I am especially pleased to note that 2012 marks the 20th anniversary of the formation of CUSS. Over the course of the past two decades, including my 10 years as Chancellor, CUSS has been a key partner in our shared governance efforts. Your advice, insight, and contributions have been invaluable. This diverse group of individuals from across the University System has stepped forward to work cooperatively and collegially for the betterment of USM institutions and USM staff. CUSS is one of the USM’s greatest assets and an important element in our rise to national eminence. Allow me to also commend Rosario I. van Daalen, Chancellor’s Liaison to CUSS (USMO), and Roy Ross, Past-Chair, (UMB), who not only helped to organize and establish CUSS, but also have served on CUSS for its entire 20-year history.

The Board of Regents and I commend Willie L. Brown (UMCP) for his leadership as Chair over this past three years and we look forward to working with Gynene Sullivan (UMB) as she assumes this position next year. I also commend this year’s Vice Chair, Gynene Sullivan, Co-Secretaries Brian Souders and Karen Schulz, and Members-at-Large Marie Meehan and Gus Mercanti for their accomplishments over the past year.

Even as we face serious challenges, I continue to believe that USM’s future is very bright. We enjoy strong support from our state, we have a dedicated Board of Regents committed to maintaining the quality and impact of the USM, and we have an impressive spirit of collaboration across the USM. This latter asset is exemplified by the efforts of CUSS, which have been such a vital part of our success on every level. I look forward to our partnership continuing to yield productive and beneficial results for the USM.

Sincerely yours,
William E. “Brit” Kirwan, USM Chancellor
BOARD OF REGENTS USM STAFF AWARDS

A CUSS initiative, the Board of Regents’ USM Staff Awards represents the highest honor bestowed by the Board of Regents for achievements of Exempt and Nonexempt Staff employees from Institutions within the University System of Maryland. The awards are presented to two Staff employees in each category—one Exempt Staff and one Nonexempt Staff—for a total of eight awards. Each recipient will receive a $1,000 stipend, and will be awarded a plaque. In addition, appropriate notices will be placed to publicize each honoree’s accomplishments.

Exceptional Contribution to the Institution and/or Unit to Which a Person Belongs

Exempt
ARLENE WERGIN
Director, International Education Services, UMBC
“In 22 years, Arlene has developed a clear vision of the Internationalization of UMBC. She is a highly respected leader in this work, both on campus and off. Combined with her vision about the mission of UMBC, what has made Arlene’s work so exceptional is her careful, diligent attention to details and her commitment to nurturing individuals -- including her staff, students who study abroad, and the growing number of international students, faculty and scholars at UMBC.”

Nonexempt
JANET MAGRUDER
Business Manager, Center for Art, Design & Visual Culture, UMBC
“The work of a Business Manager is done, by and large, behind the scenes. What is particularly notable about Janet’s contributions to the mission of UMBC and the CADVC is how she approaches her work. Her colleagues remark on her resourcefulness and describe her as ‘a tireless advocate for administrative stability and continuity.’ During one ten-year period, Janet work closely with three different directors and managed responsibilities for the administration of two different centers. Her work ethic and efficient use of time serve as models to others. She is also know as generous and gracious, eager to share her knowledge with others, and always glad to help.”

Extraordinary Public Service to the University or to the Greater Community

Exempt
ANN TOWNSELL
Assistant Director of Publications, Communications & Media Relations, Frostburg State University
“A graphic designer at Frostburg since 1996, Ann commits to her volunteerism and work with creative energy, openness,
and insight. She is a team player in the truest sense of the phrase, and we are fortunate that she extends her talent and passion for service to all areas of her life: the community, FSU and student development.”

**Nonexempt**

**GAIL PRICE**  
*Benefits Specialist, Towson University*

“In addition to her primary duties, Gail work countless hours managing all university Red Cross blood drives, coordinating volunteers and set up for the annual University-sponsored flu clinics, participating in emergency preparedness drills and exercises, assisting with the American Speech, Language, and Hearing Association accreditation process, mass casualty drills (College of Health Professions and Nursing students), Office of Human Resources events, and every year she helps soon-to-be graduates prepared for commencement exercises.”

**Outstanding Service to Students in an Academic or Residential Environment**

**Exempt**

**TRACY MILLER**  
*Academic Advisor, Office of Academic Affairs, Towson University*

“Anyone that knows her also knows that she has a calling to help veterans adjust to university life. She was a founding member of Towson’s Veterans’ Concerns Committee, worked to justify and hire a Veterans’ Services Coordinator, and was instrumental in creating the Towson University Veterans Center. Tracy has advised veterans herself and also served as an Advisor for the Student Veterans Group. She was also a member of the Maryland Gubernatorial Task Force on State Assistance to Veterans. In addition, she is a member of the University Curriculum Committee, and never hesitates to help the UCC explore how any curriculum change will affect transfer students and veterans.”

**Nonexempt**

**PATRICIA BAKER**  
*Program Management Specialist, Department of Fire Protection Engineering, University of Maryland, College Park*

“Pat has intuition for knowing what people need and when to reach out to them, or not. She express concern and caring without being intrusive or overbearing. She quietly encourages students and gently helps them to see their own strengths and abilities. Pat doesn’t so much give advice as help people sort out their own thinking. Her calming influence and no-nonsense approach combine in the most compassionate way. Although Pat’s caring extends to everyone, she plays an especially important role in the lives of the students in FPE. She supports them and is a steady resource, truly making a difference in their experience as they progress through the undergraduate and graduate programs in the department.”

**Effectiveness and Efficiency Award in Administrative or Academic Transformation**

**Exempt**

**MARY MURREL**  
*Assistant Director, Administration, Graduate School-ITS, University of Maryland, University College*

“On her own initiative, Ms. Murrel devised a low-cost, low-risk means to provide much-needed academic support to students challenged by the subject matter in TMAN 625: Economics and Financial Analysis for Technology Managers, a required quantitative course in UMUC’s Master of Science in Technology Management degree program. With the assistance of department faculty members, Ms. Murrel identified a cadre of former student, each of whom had earned a final grade of A in the course to serve as tutors in an entirely volunteer capacity. Current students appreciated receiving no-cost academic support and coaching to master difficult course materials; volunteers reported satisfaction at assisting students to achieve their academic goals; and the institution realized a total cost savings of $10,300 (based on cost that would have been incurred if an equivalent number of paid tutors had been embedded in a single class section).”
USM BOARD OF REGENTS STAFF AWARDS HONORABLE MENTION

**Extraordinary Public Service to the University or Greater Community**
- Brenda Ali  UMB  Exempt
- Nicole Brown  UMUC  Exempt
- Veronique Diriker  UMES  Exempt
- James McClelland  UMCP  Exempt
- Bob Pool  UB  Exempt
- Jason Rhodes  SU  Exempt
- Heather Sorensen  TU  Exempt

**Outstanding Service to Students in a Academic or Residential Environment**
- Olive Reid  UMCP  Exempt

**Effectiveness and Efficiency - Academic or Administrative Transformation**
- Rose Rizza  UMB  Exempt
- Louise Miller  TU  Exempt
- June Sherer  UMCP  Exempt
