Board of Regents and Recognition Committee:

The BOR Staff Awards and Recognition Committee is pleased to announce the submission of 8 nominees for the BOR Staff Awards. There were 35 staff nominees submitted to the Council of University System Staff in January represented from 11 of the Systems Institutions. Winners will be announced in early summer with a formal presentation of the award recipients by the Board of Regents in early Fall 2015. A feedback survey was completed by the BOR Staff Awards Committees & Representatives from the USM Institutions. Information received has helped us understand what we do well and what improvements we need to implement. Thank you!

Legislative & Government Relations Committee:

A score of CUSS members representing the staff of every public higher educational institution in the State spent a productive late-March day in Annapolis meeting with legislators. It began with a greeting from Delegate Clarence Lam (District 12) and a discussion on the important role of shared governance to the University system. Then, both the House of Delegates (Del. Branch) and the Senate (Sen. Edwards) formally recognized the presence of CUSS at the onset of the day’s legislative agenda and praised the efforts of staff members in providing a quality educational environment throughout Maryland. Finally, members went office-to-office for a mix of pre-arranged sit-downs and impromptu lobbying sessions with State legislators to educate them on the role of CUSS and forge relationships for future communications.

**University of Maryland, College Park**

The staff affairs committee is currently working on the Review of the Interim Sexual Misconduct Investigation & Adjudication Staff Procedures charge. After a reauthorization of the Violence Against Women Act (VAWA) in 2013, the University System of Maryland (USM) developed a system-level policy on Sexual Misconduct (VI-1.60). All universities in the system have been asked to revise their institution-level policies to align with the new USM policy and the changes to VAWA.

President Loh has announced that the University of Maryland will develop new sources of entrepreneurial revenue and implement new cost-savings and operational efficiency actions based on recommendations of the Flagship 2020 Commission (www.umd.edu/Flagship2020).

The University of Maryland College Park campus held its 17th annual Maryland Day on Saturday, April 25, 2015. UMD's campus-wide celebration of innovation, creativity and academic excellence offered more than 400 free events and exhibits to teach and inspire future innovators.
We all received a bit of good news with the continuation of the Cost of Living Adjustment announced on May 6. The threat of rescinding the 2% COLA granted on January 1 was removed. On that same day, the Board of Regents approved a 4% increase to the nonexempt salary structure, with pay increases to be provided up to the new minimum pay amount for those staff members falling below it.

Also, a major change is occurring in the State's system for managing health benefits. The Department of Budget and Management (DBM) is implementing an online system for the enrollment of employees into health benefits. Starting with Open Enrollment this fall, University System faculty and staff will make changes to benefits offered through DBM via the new online system. When open enrollment begins October 15, faculty and staff will be able to make changes in their benefits via an online portal. Institution and USM Office HR, IT, and payroll staff are working hard with DBM to support the successful implementation of this important project.

System Office staff are looking forward to welcoming Chevonie Oyegoke as a new HR Officer. Chevonie was a member of the HR team at Bowie State University prior to taking on the role of senior benefits administrator at the Howard Hughes Medical Institute in Chevy Chase. She begins work on June 1.
